

Paper Mailer Bags

Eco-friendly mailers built for e-commerce and direct-to-consumer shipping.

Paper mailer bags are a sustainable alternative to plastic poly mailers. With a self-seal adhesive closure, they protect contents during transit and reduce plastic waste — a key requirement for brands serving eco-conscious markets in the US, EU, and Australia. Available in brown and white kraft with custom printing.

Also known as: Paper courier bag · kraft mailer · e-commerce mailer · poly mailer alternative · paper shipping bag

Specifications
